IN CONJUNCTION WITH THE ADAPTIVE ACTIONS CAMP

WEDNESDAY AND THURSDAY
NOVEMBER 10 AND 11
from 10AM to 6PM

WEB DÉRIVE

On the topic of adaptive actions

Together we will surf the web to find engaging, relevant, atypical or just simply amusing examples about urban and spatial adaptations. Progressively and through this process with an unknown result, we will amass, print and present information and ideas (through images and words) at the AA Camp space, bringing together seemingly unrelated elements from the far reaches of internet.

Reservations required, places are limited. You may reserve a morning, an afternoon or a whole day. Bring your own portable computer and WIFI access will be provided. Lunch provided to all participants. Please reserve with Marina Polosa 514-848-2424 #4778, mpolosa@alcor.concordia.ca
